

Dover board maps capital projects

By JUANITA ABEL

The heating system in the junior-senior high school, science textbooks and new lighting for elementary school classrooms were among the topics discussed at last night's Dover board of education meeting.

Following an in-depth study of the 35-year-old heating system by consulting engineers, the board voted last night to follow the advice of Mayfield and Associates Inc. to replace the boilers.

George Aebersold, clerk-treasurer, was authorized to advertise for bids which will be opened at noon June 8.

Miss Donna Moore, reading consultant, explained a study made prior to the selection of science textbooks to be used in the elementary schools. Textbooks from 17 firms were studied by a committee comprising eight teachers, principals and administrators.

Miss Moore showed board members the textbooks, program objectives,

teachers' guides and audio-visual aids included in the selected material and explained its value to the students.

The books will cost \$14,163 or \$8 per pupil and will replace seven-year-old books which have become outmoded. The cost will be paid from funds previously budgeted by the board for such necessary purchases.

SUPT. BILL KINNEER reported on the improvement resulting from the installation of new lighting in two rooms at South School, and the board approved additional lighting for three more rooms at South and five at East School. Future plans call for changes to be made in all classrooms to bring the lighting to the level required for study.

Kinneer explained briefly the "search for consensus" program being planned and urged everyone to attend a meeting May 23 at 8 p.m. when the program will be presented to the public.

Members approved Kinneer's recommendation to rent Crater Stadium to

Central Catholic High Sept. 9 and 30 and Nov. 1 for games with East Canton, Ridgewood and Tuscarawas Valley.

Approval also was given to Kinneer's recommendation to grant use of the high school gymnasium to the Fraternal Order of Police for a basketball game between that organization and TV's Hoolihan and Big Chuck basketball team. It will take place Nov. 20 at 8:30 p.m.

Kinneer pointed out that none of the four dates conflicts with the school's schedule of events.

It was voted to permit HARCATUS, the Harrison, Carroll and Tuscarawas County anti-poverty organization to use Park Elementary School June 26 to Aug. 18 for a Head Start program.

Announcement was made and approval given for the Dover summer school program June 15-July 28. Details of the classes to be taught will be announced as soon as the agenda is completed.

IN OTHER ACTION the board:

—**APPROVED** the employment of Ruthann Fuhrer of Strasburg for the 1972-73 term.

—**ACCEPTED** the resignation of Miss Catherine Futhy, who is retiring.

—**GRANTED** leaves of absence to Judith Eschbacher and Susan Willard.

—**APPROVED** a supplemental contract for Mrs. Edna Cattabiani for one week extended service in the program for educable mentally retarded.

—**APPROVED** 263 seniors for graduation pending successful completion of all requirements prescribed by the Dover board and the state department of education.

—**APPROVED** attendance at professional meetings for a number of teachers, students, administrators and other employees.

The meeting was recessed subject to recall by the president, Carl Pissocra, who was absent last night. Dale Swinderman, vice president, conducted the session.
