# The Administration

---

A few changes were seen at the beginning of the 81-82 school year. Those changes included a new principal and assistant principal. Mr. Baker took over the reins as principal, while our former concert band director, Mr. Delphia, became his assistant.

Mr. Peters ended his final year as an administrative assistant at Dover. Pictured below Mr. Peters is the Board of Education, which includes from left to right, Will Handrich, Isabel Moore, Board President James Zifer, and Vice-President Joseph Maybaugh. Absent from the picture is Richard Kleine.

# Guiding Our Way

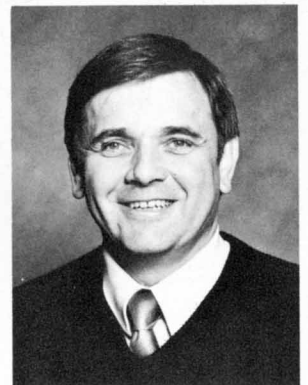

The Guidance Department was busy once again fixing our schedules and offering free advice. At the right we see Mr. Frye looking up some background information for his next appointment. Directly below, Miss Canfield and Jim Schlosser are seen going over his future plans. At the bottom, Mr. Beeble extends his guidance to the bigger kids of D.H.S.

Starting early in the morning our cooks prepare lunch for fourth and fifth period and then spend the rest of the day cleaning up and starting the next day's lunch.

This year they tried something new — Lasagna. Everyone loved it except that we had to eat it with plastic forks, because of a shortage of silverware.

# Bus Drivers

Row 1: Walt Mauer, Wayne Bissel, Rosa Hoover. Row 2: Opal Leggett, Ruth Schrock, Marlene Schwartz, Bessy Fensler, Jo Myers.

Missing: Carol Edie, Martha Engel, Austin Leggett, Susan Limbacher, Robert Morris, Barb Renner, Jerry Renner, Millie Sayer.

# FOREIGN LANGUAGE

Left: Our faithful French teacher, Miss Dean also spends her time in the library as head librarians. Below: Mrs. Koval, the Spanish instructor, keeps up with the new and T.V. in Mexico. Bottom left: Mrs. Groh may teach German but she loves Italian food.

Above, Mr. Gillaspie, Mr. Goudy, and Mr. Lyon direct the band, usually with heavenly guidance. At right, the fearless leaders look over an after-school band practice from their great post in the sky.

At bottom right, Santa Claus, alias Joe Wise, makes a surprise appearance with Mr. Lyon at Band Boosters meeting. Pictured also at the top of the far page, Mr. Hall, the Choir Director, seems to enjoy his first year at D.H.S. Both band and choir had great year under their leadership.

## Music Teachers Keep up with the Times

# B u s i n e s s T e a c h e r s

Mrs. Boich

Miss Haidnick

Mrs. Schupbach

The Business Department kept everyone busy this year with Mrs. Boich teaching us the principles of Accounting I and II. Helping her with Typing I is Miss Haidnick, who also teaches all of the Consumer Economics, Business Law, and General Business courses. Mrs. Schupbach, seen above, takes care of Shorthand I and II, Notehand, Typing II, and Office Practice.

For anyone wishing to "venture out" into the business world, these teachers and the classes they teach are essential to begin your business training. Of course, more advanced study must be done in certain areas of business — such as Accounting, but our Business Department at D.H.S. gives us a good head start in the right direction!

## Secretaries

Above: Here we have our hard-working DHS secretaries who are usually busy answering the telephones, typing letters, or just keeping the office in good working order. Just smoothing the daily routine! Also, this year we are saying good-bye to a most respected friend, Mrs. Varner. She began her 27 year career on June 15, 1956, having worked for five superintendents at Dover including our current Mr. Edward Hamsher. When asked about her years at Dover and her plans for the future, she replied that she has enjoyed working for DHS, watching the many changes which have occurred, and she plans to "sleep" as soon as she is retired!

# American History I & II

Asian History, Sociology, American History I & II

These are some of the teachers that prove to be of great value to our lives. Mr. Marx, Mr. Henry and Mr. Zurowski teach us about the past in American History I and II. Mr. Mowrey teaches us how to understand people better in Sociology. Mr. Nixon and Mr. Swinderman teach how to deal with the REAL world in Economics and American Government.

One of Mr. Nixon's ways to prepare us for the REAL world is his sermonettes. The subjects are varied, and they can be very entertaining. As you can see from the pictures above, he adds special moves to illustrate them.

At Left: Mr. Zurowski is appalled when a student informs him that it's not Punk-Out day.

Above: Mr. Mowrey is receiving an award for his talent being a terrific wrestling coach. Having his picture taken is not one of his better talents.

# The Math Department

Mr. Andres

Mrs. Cunningham

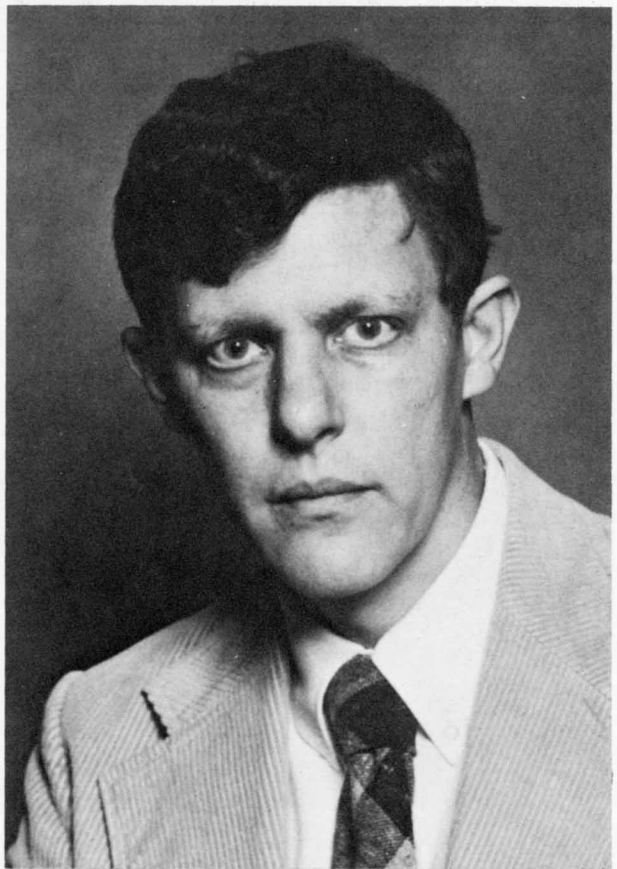

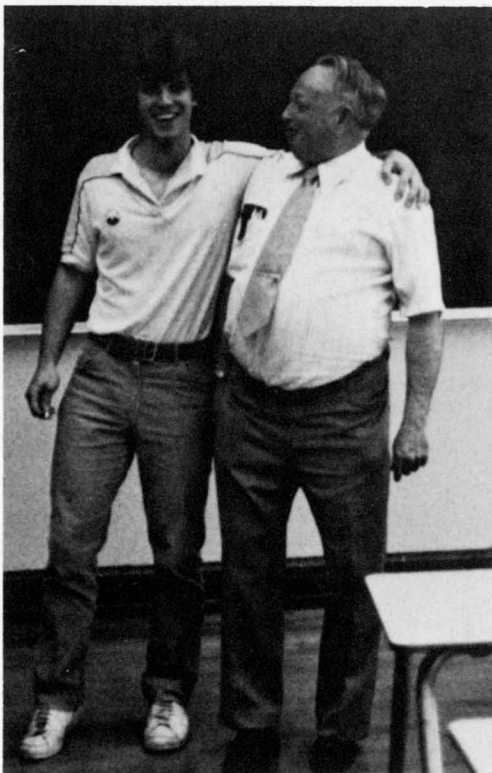

Mr. Eklund

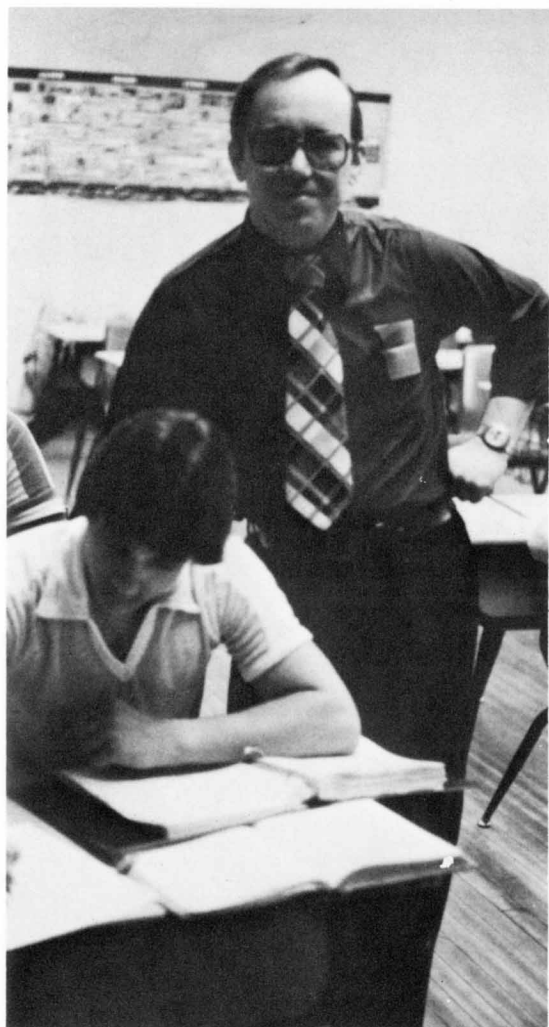

Mr. Koval

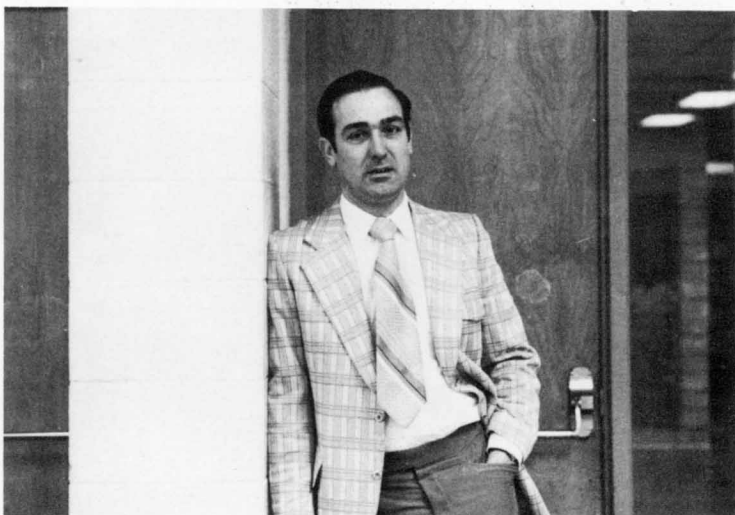

The math department underwent a few changes this year. For instance, this was the first year that the calculus class was offered, and many seniors will not forget the struggle. Things seem to get more demanding every year. Next year math students expect to meet a computer in room 103 instead of Mr. Padgitt. Isn't that taking modernization a little too far?

In memory of  
Thomas Berens  
1946-1982  
Dover High Math Teacher

Mr. Padgitt

We say goodbye to Mr. Padgitt who has decided to take it easy after forty years in the classroom. His "easy" advanced math class and pleasant manner will not soon be forgotten. Best wishes to you, Mr. P.

# Science — The Future Starts Here

Stuart Ferbrache

At far left: Mr. Ferbrache and TRICERATOPS put the bite on Amy Taylor, egged on by Kim Waters and Sue Perry. Below them, Mrs. Sanders helps a favorite ninth-grader, while, at left, "Doc" Schrader experiments in the lab. Below, Ferbrache fries frog legs — left over from yesterday's experiments? Of course physics, chemistry, and biology wasn't always this much fun, but it usually brightens our days.
